

HHT TASK LIST

Not all of the tasks related to buying or renting a home can be tackled during your HHT, so focus on those that are best done in person.

If you are buying a property:

- View properties
- Choose a property and make an offer
- Finalize a purchase offer
- Complete the inspections, mortgage and insurance paperwork, and other tasks necessary to finalize your home purchase

If you'll be renting:

- View properties
- Sign a lease

If you do end up with time on your hands (lucky you!) look into the following:

- Schools
- Clinics
- Community activities
- Places of worship

And maybe even squeeze in time to:

- Visit your local MFRC
- Familiarize yourself with your new community
- Visit schools and finalize arrangements
- Arrange medical requirements/specialized care
- Make administrative arrangements related to insurance, utilities, parking, childcare, etc.
